

# JOHN DEERE

# LOCTITE®

## Threadlockers

Effective on all types of metal threaded fasteners

### ▶ Medium Strength

Allows disassembly with normal tools

- Loctite® 243 liquid
- Loctite® 248 semi solid (Stick)

### ▶ High Strength

For use where regular removal is not required

- Loctite® 271 or 2701 liquid
- Loctite® 268 semi solid (Stick)

## Pipe and Thread Sealant

For sealing and locking metal threads.

Ideal for hydraulic and pneumatic circuits

- Loctite® 577 curing gel

## Retaining

### Retaining Compound

Fill all voids and prevent corrosion. 100% contact – load and stress is distributed evenly over the joint

### ▶ Medium Strength

- Loctite® 668 semi solid (Stick)

### ▶ High Strength

- Loctite® 648 liquid

### Retaining „Quick Metal“

Gap filler. For restoration of worn shafts, bushes and bearings

- Loctite® 660 Gel

## Instant Adhesive

For bonding a wide range substrates such as plastics, rubber, metals, card, wood etc.

- Loctite® 401 liquid

## Cleaner and Degreaser

Parts cleaner ideal for use prior to adhesive bonding and sealing applications

- Loctite® 7063 aerosol or can

## Gasket Remover

Removes cured gasket sealants and traditional gaskets from surfaces

- Loctite® 7200 aerosol

## Contact Cleaner

For cleaning contacts of electronic or electromechanical components

- Loctite® 7039 aerosol

## Chain Lubricant

with anti-flying properties for use on open mechanisms

- Loctite® 8101 paste

## Freeze & Release

Shock freezing (-43 °C) for releasing seized and corroded parts

- Loctite® 8040 aerosol

## Gasketing Products

For sealing rigid metal faces and flanges:

- Loctite® 518 paste
- Loctite® 548 semi solid (stick)

Flexible silicone flange sealant (blue silicone):

- Loctite® 5926 tube

Flexible flange sealant for non rigid flanges and for plastic-to-plastic and metal-to-plastic assemblies:

- Loctite® 5910 can

## Flexible Adhesive/Sealant

For bonding, sealing and protecting components subjected to vibration

- Loctite® 5366 paste

## Vehicle Glazing Adhesive

One-part PUR. Apply in cold condition

- Teroson-8597 HMLC Kit

## Plastic Repair Adhesive

For bonding and filling most types of plastic materials. Applications on aprons, hoods, spoilers etc. Excellent sandability

- Teroson Plastic Repair Kit

# Repair Solutions for Agricultural equipments
